

INTERNATIONAL WEEK 2021

29th March to 2nd April

Dear colleagues and professors,

We are pleased to announce you that our next International Week will be offered this year **in a virtual format** from **29th March to 2nd April 2021** for the Vinci Group: **EMLV** (Business School), **ESILV** (Graduate School of Engineering) and **IIM** (Digital School).

The Léonard de Vinci Schools have been developing a transversal pedagogical approach which blends the different specializations, allowing students to work online, whilst progressing in their studies and gaining digital knowledge. It is in this spirit that the International Week will gather a large audience of 1400 students from the 3 schools in the same seminars.

This year, we would like to offer **webinar sessions** to our students as we cannot guarantee that our students will have the possibility to attend classes on campus due to the covid-19 situation.

This is also the reason why you have the opportunity to participate in our International Week from your home by giving online lectures:

- 12 hours per teaching participant (one same course of 6 hours – taught in two sessions of 3 hours – to two different groups of 40 students and up to 100 students).

If you wish to come to Paris (and if travel restrictions are lifted), we would be more than happy to welcome you on our campus and provide you a classroom for your webinars.

International Week 2021 - 29th March to 2nd April

How to register ?

To participate in the De Vinci International Week, please submit the following form by January 26th: [here](#)

How to submit your course outline?

Please click on the following link to submit your course outline by February 1st: [here](#)
