

University of Haifa & National Taiwan University Co-Research Workshop on COVID-19 and Public Health

2021/06/02, 14:00~16:45 (Taiwan Time)

In the fight against COVID-19, Israel and Taiwan both have unique experiences in keeping it under control. University of Haifa (UofH), Israel and National Taiwan University (NTU) are organizing an online workshop on the experiences of combating the pandemic and the science of public health. Register today to join the workshop!
